- Arrive on time if there is an entrance fee to be paid.
- Follow us for updates on FB. Activities scheduled may be subject to changes.

The Social Programme is operated by Comune di Milano.
Several activities are run in collaboration with Erasmus Student Network

Erasmus Student Network (ESN) is an international youth organization, recognised by the European Commission, operating in 36 countries and over 400 universities.

Our Mission is ambitious : we are not happy with just receiving Erasmus and exchange students we especially aim at helping them get deeply involved in both university and social life.

The city of Milano welcomes more than three thousand foreign exchange students with the support of six active ESN sections placed in several universities each year.

The six sections constantly work together under the name of "**ESN a Milano Unita**".
